

Bekiaridis-Moschou Dimitrios

Dr. Bekiaridis-Moschou Dimitrios has a PhD in Neuropsychology, an MSc in Counselling Psychology and an MA in Pastoral Psychology. For nine years he worked

as a psychologist at Alzheimer Hellas, Thessaloniki. He conducted neuropsychological assessments and cognitive training interventions for the day care center's beneficiaries.

For 1,5 years he worked as a Scientific Director at the "Panagia Vimatarissa" Day Care

Center in Katerini, Alzheimer Hellas. Today he works as a Psychologist for the Medical

and Psychosocial services of Municipality Neapoleos-Sykeon in Thessaloniki and maintains his private practice in the town center. He has worked in adult vocational education (private and public sector) and he has numerous presentations in scientific conferences and publications in scientific journals. He, also, teaches in post-graduate courses in Aristotle and Hellenic Mediterranean Universities in Greece.
